

FERGUSONS'

Revised Price List

.. OF ..

Nursery Stock

SEASON 1921-22

OWING to heavy and increasing cost of paper we are not publishing a new General Catalogue this year, but are using a reserve held over from last year. These can be had on application, but we would ask any of our clients who have a copy of our 1919 book (red, white and blue cover) handy to make same do for this year; and of course understand that the prices enumerated in the General Catalogue are cancelled, and that prices from this date (February 1st, 1921) will be as contained in this Revised Price List for 1921-22.

Quality is particularly good this year owing to our system of cultivation.

LAST PUBLISHED CATALOGUE ON APPLICATION.
